LOTTO MAX™ GAME CONDITIONS

Revision: May 26, 2010

1. RULES AND REGULATIONS

LOTTO MAX™ is governed by the Rules and Regulations Respecting Lotteries and Lottery Tickets of Interprovincial Lottery Corporation ("ILC") which are available upon request and WHICH INCLUDE LIMITATIONS OF LIABILITY.

2. PLAY

Each play is comprised of 3 selections of 7 numbers each.

3. ISSUANCE OF TICKETS

To participate, any eligible person must present a completed LOTTO MAX selection slip or request a ticket where all selections are computer generated, and pay the authorized retailer $5 for each play per draw or remit a Winning Ticket entitling such person to a free play whereupon a ticket will then be issued showing the draw date(s), the 3 selections for each play, the amount wagered or FREE PLAY in the case of a free play (which is deemed to be a $5 amount wagered), the control number(s) and other relevant information.

4. MAIN DRAW

On each draw date, or as soon as possible thereafter, ILC will cause seven main numbers and one bonus number (being eight different numbers) to be drawn at random from among all numbers from 1 to 49 (the "Main Draw").

5. WINNING SELECTIONS

Winning Selections as a result of any Main Draw are determined as follows:

WINNING SELECTION	*CONSISTS OF*
7/7	the seven main numbers
6/7+	any six main numbers and the bonus number
6/7	any six main numbers and one other number*
5/7	any five main numbers and two other numbers* **OR** any five main numbers, one other number* and the bonus number
4/7	any four main numbers and three other numbers* **OR** any four main numbers, two other numbers* and the bonus number
3/7+	any three main numbers, the bonus number and three other numbers*
3/7	any three main numbers and four other numbers*

* "Other number" means any number which has not been drawn.

6. WINNING TICKETS

Any valid ticket for any Main Draw bearing any Winning Selection of such draw is a Winning Ticket and entitles its holder(s) to claim, for each such Winning Selection, a prize calculated in accordance with Section 7 hereof.

7. PRIZES

After each Main Draw, ILC allocates for the payment of prizes $2.40 for every play recorded on the computer system of any of its Regional Marketing Organizations for that draw (the "Prize Fund") and a Pools Fund is determined by deducting from the Prize Fund an amount equal to the total amount payable as prizes on the 4/7, 3/7+ and 3/7 Winning Selections. The amount deemed payable as a prize on each 3/7 Winning Selection (free play) is $2.40.

Subject to Section 8, prizes arising from the Main Draw are determined as follows:

WINNING SELECTION	POOL	PRIZE
7/7	87% of the Pools Fund(1)(2)	Share of Pool(6)
6/7+	4% of the Pools Fund	Share of Pool(6)
6/7	4% of the Pools Fund(3)	Share of Pool(6)
5/7	5% of the Pools Fund(4) (5)	Share of Pool(6)
4/7	Fixed	$20
3/7+	Fixed	$20
3/7	Fixed	Free play (3 computer generated selections)

(1) If there was no 7/7 Winning Selection in the last preceding Main Draw, the 7/7 Pool is increased by the amount of the 7/7 Pool of such last preceding Main Draw (the “Rollover”) which Rollover shall not take into account any guarantee which ILC may have given as to the amount of the 7/7 Pool of such last preceding Main Draw.

(2) If there was no 6/7+ Winning Selection in the last preceding Main Draw, the 7/7 Pool is increased by the amount of the 6/7+ Pool of such last preceding Main Draw.

(3) If there was no 6/7 Winning Selection and no 5/7 Winning Selection in the last preceding Main Draw, the 6/7 Pool is increased by the amount of the 6/7 Pool of such last preceding Main Draw.

(4) If there is no 6/7 Winning Selection and there is at least one 5/7 Winning Selection, the 5/7 Pool is increased by the amount of the 6/7 Pool.

(5) If there was no 5/7 Winning Selection in the last preceding Main Draw, the 5/7 Pool is increased by the amount of the 5/7 Pool of such last preceding Main Draw.

(6) "Share of Pool" means, with reference to any category of Winning Selections, an amount calculated by dividing the dollar amount of the Pool by the number of Winning Selections in that category.

8. 7/7 POOL CAP AND SPECIAL SERIES AND DRAWS

When the amount of the 7/7 Pool for any given draw would otherwise exceed $50,000,000, the amount of the 7/7 Pool for the Main Draw shall be capped at $50,000,000 (the "7/7 Pool Cap") and ILC will cause, immediately after the Main Draw, at least as many series of seven numbers (being seven different numbers) to be drawn at random from among all numbers from 1 to 49 (each such series of seven numbers is a "Special Series") as there are tranches of $1,000,000 in excess of the 7/7 Pool Cap ("Special Draws"). For the purposes hereof, "tranche" means a portion of the difference between the 7/7 Pool and the 7/7 Pool Cap. Special Series, Special Draws and tranches of $1,000,000 may also be referred to as MAXMILLIONS™ Series, MAXMILLIONS™ Draws and MAXMILLIONS™ Prizes, respectively.

Any valid ticket for that draw which bears any Special Series of such draw is a Winning Ticket and entitles its holder(s) to claim, for each such Special Series, a prize in an amount calculated by dividing $1,000,000 by the number of times such Special Series appears on Winning Tickets.

If, in such draw, there is no Winning Ticket bearing a Special Series, the 7/7 Pool of the next draw will be increased by $1,000,000 for each such Special Series (the "MAXMILLIONS Rollover") which MAXMILLIONS Rollover shall not take into account the amount of any guarantee which ILC may have given as to the number of MAXMILLIONS Prizes for such draw.

Any excess of the 7/7 Pool for any given draw over the 7/7 Pool Cap, less all MAXMILLIONS Prizes, will be added to the 6/7+ Pool for such draw and, if there is no 6/7+ Winning Selection in such draw, will be added to the 7/7 Pool of the next draw as set forth in note (2) of Section 7 provided that, if ILC has given a guarantee as to the number of MAXMILLIONS Prizes for such draw and the MAXMILLIONS Prizes so guaranteed are not all won, such excess shall then be added to the 7/7 Pool of the next draw.

For greater certainty and without limiting the generality of the foregoing, the following examples are offered to illustrate the foregoing:

Example 1: Amount of the 7/7 Pool reaches $54,500,000

- 7/7 Pool in the Main Draw capped at $50,000,000
- 4 Special Draws of $1,000,000 each – if not won, added to the 7/7 Pool of the next draw
- $500,000 added to the 6/7+ Pool of the Main Draw – if 6/7+ Pool not won, added to the 7/7 Pool of the next draw

Example 2: Amount of the 7/7 Pool reaches $50,500,000 and ILC <u>has guaranteed</u> at least 2 MAXMILLIONS Prizes

- 7/7 Pool in the Main Draw capped at $50,000,000
- ILC funds $1,500,000
- 2 Special Draws of $1,000,000 each – if not won, $500,000 is added to the 7/7 Pool of the next draw and $1,500,000 does not roll over to the 7/7 Pool of the next draw

Example 3: Amount of the 7/7 Pool reaches $50,500,000 and ILC <u>has not guaranteed</u> the number of MAXMILLIONS Prizes

- 7/7 Pool in the Main Draw capped at $50,000,000
- There are no Special Draws
- $500,000 added to the 6/7+ Pool of the Main Draw – if 6/7+ Pool not won, added to the 7/7 Pool of the next draw

9. PRIZE CALCULATION

The amount of each prize is calculated by dividing the dollar amount of each category's Pool (or $1,000,000 in the case of MAXMILLIONS PRIZES) by the number of Winning Selections in that category provided that:

(A) for 7/7 Prizes and MAXMILLIONS Prizes, cents are increased to the next $0.10 (e.g. $8,075,487.12 is rounded up to $8,075,487.20) and

(B) for 6/7+, 6/7 and 5/7 Prizes, cents under $0.05 are reduced to $0.00 (e.g. $2,726.34 is rounded down to $2,726.30) and cents $0.05 and over are increased to $0.10 (e.g. $2,726.35 is rounded up to $2,726.40).

10. PRIZE CLAIMS

Prizes must be claimed within one year following the draw date in the manner stated on the back of the ticket.

11. ODDS OF WINNING

The approximate odds of winning in the Main Draw are as follows:

		Per Selection	Per Play

The approximate odds of winning in any Special Draw are the same as the odds of winning 7/7 in the Main Draw.
