Rules

Misuse or malfunction voids all pays and plays.

All line win symbols must appear on a played line and on consecutive reels, beginning with the far-left reel.

Only the highest winner is paid on each payline. Line wins are multiplied by the line bet on the winning line. Coinciding line wins on different paylines are added.

Only the highest scatter win is paid. Scatter wins are multiplied by the total bet.

Scatter wins are independent from line wins and are added to the total amount paid.

Bonus wins are independent from line wins and are added to the total amount paid.

Cleopatra Symbol is wild and substitutes for all symbols except Sphinx Scatter Symbol in the base game and the *Cleopatra Bonus*.

Wins are shown in currency.

In some jurisdictions, regardless of bet size, there may be an award cap on any single transaction. See the payable for details. A transaction includes the results of the bonus, plus the outcome which launched the bonus. If the award cap is reached in the bonus, the bonus ends immediately, even if there are remaining free spins.
