Introduction

For only 33 coins, enjoy 99 paylines of Tumbling Reels[™] action in an enchanting world filled with treasure. **3 for 1** betting means you earn **3** active paylines **for** every **1** coin bet.

With the extremely popular Tumbling Reels[™] feature, all winning symbol combinations disappear from the reel window causing replacement symbols to tumble from above. Each of your paylines can potentially earn riches multiple times in the same game.

Pixies of the Forest[™] also features easy-to-follow Connected Lines[™]. With 3 for 1 betting, you get all 99 Connected Lines[™] for only 33 coins!

Get three Bonus symbols on a payline to earn free spins in the Bonus. The Bonus has richer reels than the base, with additional wild symbols on the first four reels.

Experience the magic of winning with *Pixies of the Forest*[™].

How To Bet

Pixies of the Forest[™] features 99 paylines, which costs only 33 coins to play. You can choose your coin value, which multiplies all payline awards won. You can also use Auto Spin to play the game for you.

COIN VALUE

Displays current coin value as currency. Click the left arrow (with a minus sign) to decrease the coin value. Click the right arrow (with a plus sign) to increase the coin value. Clicking the left and right arrows does not necessarily decrease or increase your coin value by uniform increments. Rather, your coin value adjusts to preset values which represent the most popular bet amounts.

LINES

Displays current number of paylines. Betting is fixed at 99 paylines, which costs 33 coins.

SPIN

Click to spin the reels and submit your bet.

Auto Spin Feature

Auto Spin plays the game automatically for a given number of games at 99 lines and your current coin value. Once you have selected your desired coin value, click **AUTO SPIN** and choose how many games you want to play. Auto Spin will keep playing the specified number of games until you click the **STOP** button, you trigger a Bonus, or your balance is insufficient to spin again. Auto Spin is only available in approved jurisdictions.

Tumbling Reels™ Feature

All payable-defined symbol combinations trigger the Tumbling Reels™ feature during regular and Free Spins Bonus game play. All winning symbol combinations are evaluated and values are added to the win meter.

All symbols in winning combinations disappear. All symbol positions on each reel are filled as symbols tumble from above to fill all empty spaces. The game screen is re-evaluated for symbols in winning combinations and values are added to the win meter.

The Tumbling Reels™ feature remains active until no payable-defined symbol combinations are created as a result of new symbols tumbling from above.

Connected Lines™ Feature with 3 for 1 Betting

A line is considered connected if each of its symbols share a side or corner with the symbols(s) on the neighboring reel(s). There are 99 possible paylines that employ this Connected Lines™ feature and they are all present in *Pixies of the Forest™*. With **3 for 1** betting, you activate all these 99 paylines for only 33 coins, earning you **3** paylines **for** every **1** coin staked.

Free Spins Bonus

You can trigger the Free Spins Bonus by getting three Bonus symbols on a wagered payline. Three Bonus symbols on multiple paylines does *not* trigger the Bonus multiple times. You can only trigger the Bonus once on a given spin.

Once you trigger the Free Spins Bonus, you are prompted to pick one of the Bonus symbols to reveal your awarded free spin count. You can earn 5 to 11 free spins.

The Free Spins Bonus is played automatically. Your coin value in the Bonus is equal to the coin value on the reel spin that triggered the Bonus. The Bonus reels are made richer by adding wilds to the first four reels.

A non-wild symbol must be part of any winning combination.

For example, the following outcome on a payline pays the award for five Ace symbols:
Wild – Wild – Wild – Wild – Ace

Bonus play continues until you have played through your free spins. You cannot retrigger additional free spins in the Free Spins Bonus.
