

SAMURAI TAKEO

Game Rules (1.1 - 08-August-2024)

1. OVERVIEW

The goal is to obtain a winning combination on a winning line spread across the reels.

Game specifications:

Type	Slots
Number of reels	5
Number of rows	3 (5 in special layout)
Number of lines	25 (50 in special layout)
Number of coins you can bet	44 - per line (cannot be changed)
Progressive	No
Double feature	No
Wild symbols	Yes
Multiplier symbols	No
Scatter symbols	Yes (Green Coin, Red Coin, Purple Coin)
Bonus round	No
Free spins	Yes
Instant win	No
RTP	Game: 96.00%

The game disconnects if you do not take any actions for a specific number of consecutive minutes (this number varies depending on jurisdiction); the session recovery feature will save the game progress so that the next time the game is loaded, you can continue where you left off.

In the event of technical difficulties resulting in a dropped connection to the game server, the game you were playing is saved automatically and will load the next time you establish a connection to the game server. You will not be able to reconnect to the game server for the first 30 seconds after the disconnection.

Note: In case of malfunction all plays and bets are voided; any bet that was not yet accepted will be voided, any bet that was unsettled will be refunded.

2. HOW TO PLAY

Note: If you do not have enough money to play a game, the bet can be set to the minimum selectable amount through a dialog window informing about this.

All winning lines pay from left to right, beginning with the far-left reel. All line win symbols must appear on consecutive reels. Wins on different lines are all added. Only the highest winning combination on each line is paid. Winnings from Free Spins are added to the total win.

The auto spin feature does not automatically start free spins - player input is required (Available only for specific jurisdictions).

On the info bar, you can view the current BET, your BALANCE and your current WIN, displayed in either credit or your real currency, depending on the current user's choice (Available only for specific jurisdictions). To toggle between credit or your real currency, click in the BALANCE area (Available only for specific jurisdictions).

2.1. Desktop version

To play, follow these steps:

1. Click  on the main screen, and then use the + and - buttons to select a coin value. Click  to save the settings and return to the main screen.

Note: The total BET is displayed in either credit or your real currency, depending on the current user's choice (Available only for specific jurisdictions). To toggle between credit or your real currency, click in the BALANCE area (Available only for specific jurisdictions).

2. Click  to place the bet and spin the reels one time.

The total amount won will be shown in the WIN field from the info bar, in either credit or your real currency, depending on the current user's choice (Available only for specific jurisdictions). For each winning combination, the amount won is the amount shown in the payable for that winning combination.

To toggle between credit or your real currency, click in the BALANCE area (Available only for specific jurisdictions).

2.2. Mobile version

To play, follow these steps:

1. Tap  on the main screen, then use the + and - buttons to select a coin value. Tap  to save the settings and return to the main screen.

Note: The total BET is displayed in either credit or your real currency, depending on the current user's choice (Available only for specific jurisdictions). To toggle between credit or your real currency, tap in the BALANCE area (Available only for specific jurisdictions).

2. Tap  to place the bet and spin the reels one time.

The total amount won will be shown in the WIN field from the info bar, in either credit or your real currency, depending on the current user's choice (Available only for specific jurisdictions). For each winning combination, the amount won is the amount shown in the payable for that winning combination.

To toggle between credit or your real currency, tap in the BALANCE area (Available only for specific jurisdictions).

3. SPECIAL SYMBOLS AND FEATURES

3.1. Wild

The **Wild** symbol substitutes for all symbols except for **Green Coin**, **Red Coin**, **Purple Coin**, **Gold Coin** and **Chest**.

Wild appears only on reels 2,3,4 and 5.

3.2. Coin Boost

1 or more **Green coins** in any position on the reels may randomly trigger the **Coin Boost feature**.

If the **Coin Boost feature** is triggered, win 5 **Free Spins**.

Free Spins are played on the same lines at the same bet as the triggered game.

During the **Coin Boost feature**, each **Gold Coin** appearing on the reels awards a coin prize value. The coin prize value starts with 88 coins.

Each **Green Coin** appearing on the reels during the **Coin Boost** feature awards 1 extra **Free Spin** and boosts the coin prize value by 15 to 100 coins for subsequent **Free Spins**.

The **Coin Boost feature** ends when 0 **Free Spins** remain or after 88 Free Spins have been played.

3.3. Jackpot

1 or more **Red Coins** in any position on the reels may randomly trigger the **Jackpot feature**.

If the **Jackpot feature** is triggered, win 8 **Free Spins**.

Free Spins are played on the same lines at the same bet as the triggered game.

Each **Chest symbol** appearing on the reels awards 1,2 or 3 extra **Free Spins**, a coin value or a purple, green, blue or red jackpot gem.

Available coin values are 18 to 38 coins.

If a **Jackpot** gem is awarded, one gem position is filled under the corresponding **Mini, Minor, Major** or **Grand Jackpot** meter above the reels. If all gem positions under a **Jackpot** meter are filled, the corresponding **Jackpot** is awarded and the collected gems are cleared.

Jackpot values:

- **Mini** = 500 coins;
- **Minor** = 1.500 coins;
- **Major** = 10.000 coins;
- **Grand** = 100.000 coins.

More than one **Jackpot** can be awarded per **Jackpot feature**.

The **Jackpot feature** ends when 0 **Free Spins** remain or after 88 **Free Spins** have been played.

If **Chest symbol** appears on the reels after 88 **Free Spins** have been awarded, the **Chest** does not reveal and award extra **Free Spins**.

Collected **Jackpot** gems are cleared at the end of the feature.

3.4. Reel Boost

1 or more **Purple Coins** in any position on the reels may randomly trigger the **Reel Boost feature**.

If the **Reel Boost feature** is triggered, win 5 **Free Spins**.

Free Spins are played on 50 lines at the same bet as the triggering game.

Free Spins end when 0 **Free Spins** remain.

3.5. Super Feature

If any combination of 2 **Scatters** appear in any position on the reels, the corresponding **Super feature** may be randomly triggered.

If a **Super feature** is triggered, all rules associated with the corresponding individual feature apply, except as noted below.

If a **Super feature** is triggered, win 8 **Free Spins**.

If the **Coin Boost** and **Jackpot Super feature** is triggered, **Free Spins** are played on the same lines at the same bet as the triggering game.

If the **Coin Boost** and **Reel Boost Super feature** or **Reel Boost** and **Jackpot Super feature** is triggered, **Free Spins** are played on 50 lines at the same bet as the triggering game.

3.6. Mega Feature

If at least 1 **Green Coin**, 1 **Red Coin** and 1 **Purple Coin** appear in any position on the reels during the base game, the **Mega feature** may be randomly triggered.

If the **Mega feature** is triggered, all rules associated with the individual **Coin Boost**, **Jackpot** and **Reel Boost** features apply, except as noted below.

If the **Mega feature** is awarded, win 10 **Free Spins**.

During the **Mega feature**, **Free Spins** are played on 50 lines at the same bet as the triggering game.

4. OTHER GAME BUTTONS

4.1. Desktop version
